AUTUMN FLAVORS

in Tuscany

Autumn is a great moment to taste Tuscany, among warm flavours, charming colours and a pleasant atmosphere which will fascinate you!

Black as intense taste chocolate, Brown as authentic chestnuts, Purple as scented wine, Yellow as local tradition cheese... All these autumn colours will be a perfect frame to discover Pistoia city of art: the unknown jewel of Tuscany, that will surprise you with its quite charme... Narrow paved streets, mysterious glimpses, a satisfyingly spacious Piazza del Duomo, considered to be one of Italy's most beautiful squares.

DAY 1

Afternoon – Independent arrival at the hotel. Accommodation in double room with breakfast in Pistoia area. Dinner at leisure

DAY 2

Morning - Golf round at **Montecatini Golf Club**. The outline of the course measures around 6000 meters (around 6405 yards) and follows the natural contours of the land, creating a difficult and challenging course, quite undulating, with natural obstacles and hazards which are sure to put any golfer's skills to the test for at least five of the eighteen holes.

Afternoon – Time at leisure to discover Pistoia and its gourmet tradition. In your travel book you will find an itinerary with the description of some monuments and a couple of vouchers that allow you to have a small tasting (sweet or savory) in some nice café or typical delicatessen of the city centre. Dinner at leisure

DAY 3

Morning - Round of golf at **Le Pavoniere Golf Club**, designed by Arnold Palmer, the world-famous golf player, the golf course at Le Pavoniere stands out both for its harmony with the surrounding landscape and the linearity of its layout. Its design allows for a relaxing round of golf while still providing all of the excitement of a demanding game. The course is filled with lots of water hazards, long fairways, and greens made up of rolling hills to make it truly challenging.

Afternoon – Visit of a local winery with wine tasting. Dinner at leisure

DAY 4

Morning – Discover the Appennino Pistoiese and its flavours! Have a walk in the enchanting villages of this area and enjoy a lunch in an old mill where you will taste the traditional cuisine of this area: pecorino cheese, handmade pasta made with chestnut flour...

Afternoon – Time at leisure. Dinner at leisure

DAY 5

Check out and departure
